505	Supported Track Control Levels

Version: 1.0

*The specification that was previously attached to this page has been removed. It has been reworked and formally converted by the AEF into an official AEF Implementation Guideline, which is now used as the basis for conformance testing of the respective functionality (TRACK).*

*If you are interested in obtaining the updated official version, please contact [office@aef-online.org](mailto:office@aef-online.org).*
